

Business and Enterprise Alumni Profile

Name: Joseph Roberts

Left Childwall: 2020

University: University of Liverpool

Course: BA Economics (with a year in industry)

CHILDWALL
SPORTS &
SCIENCE ACADEMY

What do you enjoy most about University Life?

The opportunities for personal development that are offered. These include careers events, group work, a chance to join social enterprises with other students and of course the wealth of resources available to me at university.

How did the Business Studies qualification help you progress towards your next steps?

In terms of knowledge my finance modules and understanding the overall business mindset really helped. My report writing and presenting skills have really been useful as has my ability to think critically about a problem. The course really helped me to navigate the huge transition between sixth form and university.

What are your future career goals?

Develop my skills and knowledge of economics in the real world working as a government economist. Hopefully improving lives and livelihoods whilst doing so.

If you could give your Year-10-self one piece of advice - what would it be?

Take every opportunity you can, it'll be over before you even realise it. If I could offer one more piece of advice, I'd just say don't be afraid to explore and push yourself. I love what I'm doing now, and it was just because I'd just followed up on my queries and curiosities.
